TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), TypeScript, PHP
- **Frontend Web Development:** HTML5, CSS3, REST API Integration, CRUD Operations, DOM Manipulation, Asynchronous JavaScript, Responsive Web Design, Web Accessibility (a11y), Performance Optimization
- **Frontend Tools:** Git & GitHub, Netlify, Vercel, Chrome DevTools, Figma, Vite, Parcel, npm
- **Frameworks & Libraries:** Tailwind CSS, React.js, Next.js, Bootstrap, Redux Toolkit, GSAP, Framer Motion, Swiper.js, Locomotive Scroll, shadcn/ui, Material UI, JQuery
- **Backend Development:** Node.js, Express.js, RESTful APIs, EJS, MongoDB, Mongoose, Authentication & Authorization (JWT, Cookies), API Testing (Postman)
- **CMS:** WordPress

PROFESSIONAL EXPERIENCE

Junior WordPress Developer, Code Wise **Jan 2023 - Jan 2024**

- Built and maintained responsive WordPress websites using **Elementor**, ensuring cross-browser and mobile compatibility.
- Collaborated with the design and development teams to deliver live client projects on time.

PROJECTS

- **Rest Countries:** A **responsive** web app built with **React** and **Tailwind CSS** that uses the **REST Countries API** to display and explore country data. It includes **search**, **region filtering**, **detailed country views** with **border navigation**, a **light/dark theme toggle**, and **localStorage** for data persistence and a smooth user experience.
- **Expenses Tracker:** A fully functional **CRUD** expenses tracker app built with **React** and **Tailwind CSS**. Users can **add**, **edit**, **delete**, and **view** expenses through an interactive table. The app includes **form validation**, category-based **filtering**, and **sorting** by name or amount in ascending or descending order. It also calculates the total expense automatically and uses **localStorage** to securely store data for persistent tracking.
- **Image Editor :** Built a **responsive** image editor using **React.js**, **Tailwind CSS**, and the **Canvas API**, enabling users to upload images, apply customizable filters and presets, reset changes, and export edited images. Implemented a clean **dark-themed UI**, **optimized** rendering performance, and ensured cross-device responsiveness for an intuitive user experience.
- **TaskFlow:** A **responsive** Kanban task manager built with HTML, CSS, and **JavaScript**, featuring **drag-and-drop task movement**, full **CRUD functionality**, and **localStorage** for seamless, persistent task organization across Todo, In-Progress, and Done sections.

CERTIFICATE

Web Development Certificate | PSDF **Feb 2022 - Jul 2022**

- Completed a 6-month hands-on training program covering Frontend and Backend. Gained practical experience in building responsive websites and working on real-world projects.

EDUCATION

FSC ENGINEERING **Feb 2019 - Feb 2021**

Bachelor of Arts **Jan 2022 - Jan 2024**
